**Society of Chairmen of Academic Radiology**  
**Departments**

The objectives of the Society of Chairmen of Academic Radiology Departments are:

1. To advance the art and science of radiology by promoting medical education, research, and patient care;
2. To develop methods of undergraduate and graduate teaching in radiology; and
3. To provide a forum for discussion of problems and mutual interests among radiology department chairs.

Society of Chairmen of Academic Radiology Departments

## **FALL MEETING**

The Fairmont Banff Springs, Banff, Alberta, Canada

October 4 – 6, 2007

*In joint sponsorship with the Radiological Society of North America*

### **Accreditation and Designation Statement**

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Radiological Society of North America (RSNA) and the Society of Chairmen of Academic Radiology Departments (SCARD). The RSNA is accredited by the ACCME to provide continuing medical education for physicians.

The RSNA designates this educational activity for a maximum of 13.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### **Evaluation**

In compliance with the ACCME requirements, you must record your attendance and evaluate the sessions you attend in order to receive AMA PRA Category 1 Credit.

The evaluation instrument is supplied to you at registration in a booklet format. The session evaluations appear in chronologic order. Please write your name, address, and degree(s) in the space provided, and complete the evaluations for the sessions you attend. At the end of the meeting, submit this completed evaluation booklet to the SCARD registration desk. A record of the CME credit earned at this meeting will be mailed to you six to eight weeks after the meeting.

### **Content Codes**

To better help the participants of this AMA PRA Category 1 Credit activity organize their CME records, two-letter content codes will be indicated in the evaluation booklet.

### **Target Audience**

Radiologists holding appointments in academic medical centers and engaged in research and teaching as well as clinical practice.

## Learning Objectives

At the completion of this meeting participants should be able to:

- Become familiar with how organizations develop and sustain high performance cultures that deliver verifiable improvement in patient safety and quality.
- Become familiar with quality initiatives that could be applied to their practice.
- Share in discussion with other chairs to obtain insight into managerial problems and solutions.
- Learn about education innovations that may be instituted in their training program.

## Disclosure Statements

The Accreditation Council for Continuing Medical Education requires the RSNA, as an accredited provider of continuing medical education, to obtain signed disclosure statements from faculty (ie, Board members, committee members, program planners, presenters) for the SCARD Fall Meeting and New and Prospective Chair Orientation programs. The intent of this policy is not to prevent an individual with a financial relationship from participating; however, in accordance with ACCME standards, the RSNA has developed policies and procedures to manage identified conflicts of interest. The ACCME further requires that the RSNA provide disclosure information to all attendees prior to the educational activity. Faculty who have or have had within the previous 12 months (or at the time the research was conducted) an affiliation or financial relationship with any commercial interest are noted with a star (\*) after their name in the program book. Financial disclosure statements for these individuals are reported after each individual's name in the disclosure index. All other faculty have indicated they have nothing to disclose.

 This icon indicates discussion of uses not approved by the FDA. The RSNA and SCARD recognize that at scientific meetings faculty may discuss the application of some devices, materials, or pharmaceuticals that are not FDA approved. In keeping with the highest standards of professional integrity and ethics, RSNA and SCARD require that faculty fully disclose to their audience that there will be discussion of the unlabeled use of a commercial product, device, or pharmaceutical that has not been approved for such purpose by the FDA.
